

Kim Snyder - Author of Almost Home

She survived brain death & 15 years of critical illness to encounter a God that a lifetime in church had never prepared her for.

For over a decade, Kim Snyder was a trusted voice in Christian media—heard nationwide on K-LOVE and Air1 Radio Networks, the voice behind major national brands, and a professional singer who opened for top-tier Christian artists.

But after a botched surgery left her septic and beyond medical hope, she watched her husband say goodbye as she slid into brain death. In the stillness, God drew her nose to nose, then sent her back to learn what a lifetime in church had failed to:

His ultimate life guide

- the reality of the war around us
- the key to the incredible purpose of pain
- and His plan to use our choices to craft our eternity

For the stuck, the spiritually numb, and the drowning
- *this is your wake-up call.*

You're almost Home.
